LEGISLATURE NEARING CLOSE; THE SENATE AND HOUSE BUSY.

Every Indication Now That a Decent Commerce Commission Will Be Given the People Through Governor.

THE PENSION BILL PASSES

House Finally by There Being But One Lone Vote Cast Against It—Now Goes to Senate for Concurrence. Other Bills Passed.

Publishers' Press Telegram.
HARRISBURG, May 14.—Governor Stuart has approved the bill establishing sanitariums for the treatment of consumption patients. The Senate today concurred 38 yeas to 10 nays in the House amendments to the veteran soldiers' pension bill. The amount will be fixed at \$2,000,000 dollars. In the House nearly the entire morning session was devoted to action upon Senate amendments to the House appropriation bills, almost all of which were concurred in.

There is every indication that a decent Commerce Commission bill will be put through. The Senate has seen the wisdom of Governor Stuart's insistence, but the evidence are many that a complete surrender has taken place. The plan is to make the changes in the Conference Committee. President pro tem, Woods said last night that he would name a Conference Committee to the House. With this assurance it is perfectly safe and much easier to whip the bill into shape in Conference Committee on the floor of the Senate.

After consultation with Governor Stuart, Mr. Milliron, of Venango, offered a resolution in the House empowering the Governor to appoint a commission of three citizens to investigate the condition of abandoned railroads and canals and recommend legislation. Crensy put in an amendment that the Attorney General be instructed to proceed at once to secure the charters of abandoned railroads. The resolution was adopted. It was referred to the Railroad Committee in the Senate.

The Senate passed the State College bill carrying an appropriation of \$485,000. It is understood a conference committee will have to settle the difference with the House. The House resolution proposing an amendment to the Constitution so as to permit the consolidation of the common pleas courts in Pittsburgh and Philadelphia and the creation of a separate criminal court in Philadelphia passed the Senate finally.

The Moore bill to reduce the revenues of the State by changing the method of taxing trust companies and exempting certain money invested in real estate from taxation was passed finally by the Senate last night. It will cut the revenues from \$2,000,000 to \$1,000,000 a year.

When Senator Cochran's Pension bill for Pennsylvania soldiers and sailors of the Civil War came up last night in the House where it finally passed, Wickham of Dauphin precipitated lively discussion by his efforts to amend the bill so as to give its benefits to the Pennsylvania emergency men of 1862, who marched to keep the Confederates out of this State, and who "don't get pensions from any source."

Kennedy of Philadelphia, declared: "Not one in 20 of these men ever saw a Rebel. This amendment is offered to defeat the bill." Failing to get the unanimous consent necessary for amendment on third reading without going to committee of whole, Wickham fought for the latter course of action.

The House, after much applause for the "patriotic outburst" of many of the talkers on the bill, passed it finally by a vote of 193 to 1, the lone opponent being Samuel B. Scott of Philadelphia. This aggregate of 193, lacking only 10 votes of the entire 207, is by far the largest cast this session. The bill, which makes an appropriation on the basis of \$9,300,000 for two years, was sent to the Senate for concurrence in the raise from one million.

The Hadgood child labor bill was killed last night by the House and cannot be revived. Since its amendment so as to contain the principal Townsend-Tustin provisions, the factory inspection department and Hadgood turned against it. Alleged "unconstitutional" features were suddenly discovered in it by many members, and nearly all of the Philadelphians jumped hard upon it. The vote was 75 yeas, 87 nays.

Much to the surprise of the Democrats and many other members the House, without requiring a roll call vote, adopted a concurrent resolution offered by Representative Altman, Democrat, of Juniata, that the Governor appoint a commission of seven

citizens, representing the manufacturers, county commissioners, transportation and coal mining, the dairy union, State grange, and the school tax abolition interests to inquire into and make a full report to the next Legislature of the whole subject of equalization of taxation, and to report in full the market value of all coal lands, ore lands, oil lands, gas lands and all other real estate, with such recommendations as will secure an equalization of taxation of valuations.

The commission shall have full power to examine "all public and private and corporate books and records, and to compel the attendance of witnesses, shall elect a President, a Secretary and a stenographer and may employ counsel. The commission shall serve without pay, except for necessary traveling and office expenses, and shall report to the Legislature in January, 1909. For the expenses an appropriation of \$5,000 is proposed. The Senate has passed finally the bill to allow brewers to sell their products to dealers in other States not licensed by the courts. In the House last night, Mr. Scott of Philadelphia offered a resolution to put the Hulings civil service bill on the calendar. It must lie over until the next resolution day, which will be in 1909.

Garnier of Schuylkill offered a resolution to extend the session until May 23. It will be acted on today. Even if the House does adopt it, the Senate will refuse to concur.

TWO ACCIDENTS.

Miner From Scottdale Caught Under State Fall and Died of Injuries. Slav Has Arm Broken.

Henry Schwartz, aged 52 years, died this morning shortly after 8 o'clock at the Cottage State Hospital from injuries sustained Monday afternoon about 1 o'clock while at work in the mines of the American Sheet & Tin Plate Company at Everson. He sustained his injuries by a fall of state. His skull was fractured and one of his ears was partly torn off. He remained in an unconscious condition until the time of his death. His widow survives. The body was removed to his late home by Funeral Director Murphy of Scottdale.

John Charlie, aged 24 years, and Slavish, was brought to the hospital Monday afternoon with his left arm broken above the elbow as the result of an accident which took place Monday afternoon. Charlie is employed at the Dunbar Furnace.

HELD OVER.

New Haven Council Postpones Contract for Putting in New Sewer Across the River.

At a special meeting of the New Haven Council held Monday evening the letting of the contract for the sewerage of Third street up Mason and Fourth street and from the river up Mason to First street was held over until Thursday evening, when a special meeting of Council will be held. Bids were submitted by the following persons: Hironman and Guard, 76c per lineal foot; C. M. Miller, 65c per lineal foot; Isaac Hay, 60c per lineal foot; Orlio Hay, 58c per lineal foot.

A motion was made by Connellman McBeth to let the contract to C. M. Miller, but the motion was lost. All members of Council were present with the exception of Councilman Harmon Hay. President Edgar Cyphers presided.

CUBA PROSPEROUS.

Governor Magoon Decides to Expedite Millions on Public Roads and Public Buildings.

Publishers' Press Telegram.
WASHINGTON, May 14.—Official information from Governor Magoon of Cuba that he has decided to start a system of the internal improvements on the island is peculiarly interesting. Cuban banks are so prosperous that they have refused Magoon's offer to loan them a large sum of the money in the Cuban Treasury. Under American administration the island's income is now exceeding expenditures by a half million a month more than under the Palma regime.

The Treasury is now burdened with about \$16,000,000. A large part of this Magoon decided to expend in improvements on public roads and public buildings for which appropriations have been made.

C. B. POWER IS CHOSEN

Pittsburg Sporting Writer and Veteran Ball Player Unanimously Elected President of West Penn.

The League is Given a New Executive as Retiring Official is After Pension and Wants Entire Time to Devote to Business.

The Western Pennsylvania League of Professional Baseball Clubs today entered into a new epoch, one which bids fair to spell the word "Success" in blazoned letters. At a meeting held at the Marlette Hotel here this morning Charles B. Power, sporting writer of the Pittsburg Dispatch, veteran baseball player and umpire, and organizer of what is now the strong Central League, was elected President to succeed Alex. J. Lawson, resigned.

The meeting was entirely harmonious in every respect. Mr. Lawson, finding that the management of the Butler team required the better part of his time, handed in his resignation, which was accepted. He then nominated Charles B. Power to succeed him and, holding the proxies of Latrobe and Greensburg, cast these in his favor. The election of Mr. Power was unanimous.

The meeting was largely attended. Lawson represented Butler, Latrobe and Greensburg; Manager W. S. Barker and Captain Elmer Basler were on hand for Connellsville; Charles E. Jewell saw that Beaver Falls had a say in the matter; Joseph Stalder came over to do the right thing by Manager Billy Marie of Scottdale; President Thomas S. Hammond and R. T. Cunningham were up from Fairmont while Jesse B. Sackett took care of Clarcksburg's interests. The matter of a new President was the only thing that came before the meeting's notice.

This afternoon another meeting will be held in which President Power will appoint an Auditing Committee to go over the financial report of President Lawson before it is turned over to C. B. Power.

Alex. J. Lawson deserves much credit for what he has done. In the Western Pennsylvania League he has organized a combination of baseball clubs which promise to develop into one of the strongest minor leagues of its class in the country. In resigning his office because the management of his own team required most of his time, he did a manly thing and deserves much credit not only for nominating a man as strong as C. B. Power, but for casting the proxies for him. Lawson says he will now work to keep all corners hustling.

The league is especially fortunate in securing an executive of C. B. Power's calibre. A veteran ball player, he kept the best of them hustling back in the '80s. As an umpire in both major and minor leagues he was a decided success. He organized what is now the Central League and for five years was its President. He is now sporting editor of the Pittsburg Dispatch and is regarded as the most able sporting writer of the Smoky City. On more than one occasion he has been offered the Presidency of the P. O. M. but refused to accept it, advising the managers to elect to Richard R. Guy, who organized the league. He would not accept the West Penn Presidency until he

Feared That Some Large Firms Will Announce Assignments Before the Day is Over.

Publishers' Press Telegram.
CHICAGO, May 14.—Wheat opened in the Chicago pit this morning wild, irregular and unsettled, with frequent predictions that before noon some large firms would announce assignments. The greatest excitement prevailed. Brothers four to get in and the trading feature is light. Movement was concentrated upon July option, which opened with a rush at 96 1/2, advanced three-quarters and fell a quarter below the opening.

CASE SETTLED.

Foreigners of Nellie Mines Compromise An Assault and Battery Affair Before Squire.

A case of assault and battery was compromised at a hearing before Squire W. P. Clark Monday evening in which the plaintiff was Fleming G. Campbell. He averred that Marie G. Campbell, Conté and Glicinto Conté conspired to take his life and almost succeeded, giving him a bad drubbing on May 12 at Nollie Mines.

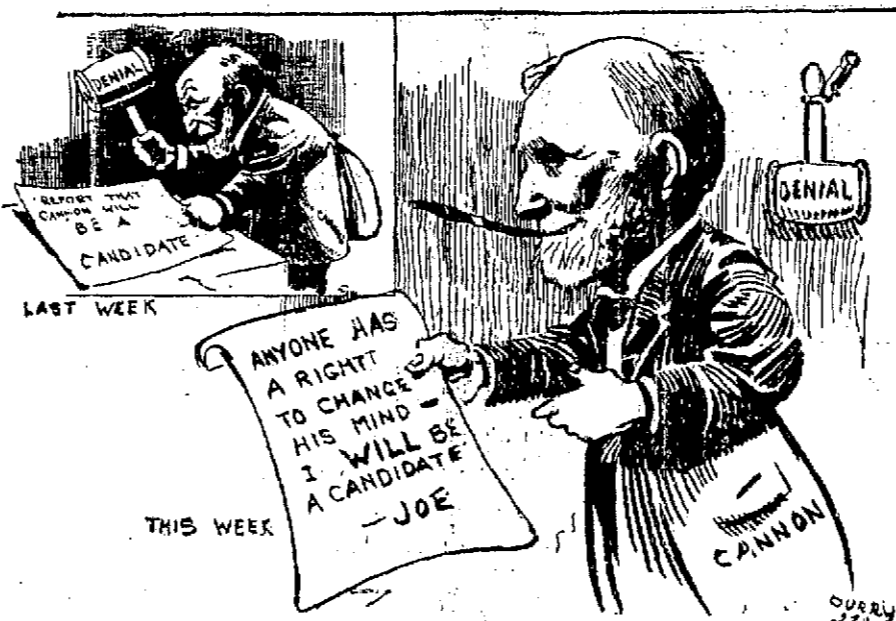

The case was finally settled by the defendants paying the costs. These were steep, for several witnesses had been summoned.

THE CULTURE CLUB

Hold Last Gathering for the Year in Carnegie Library.

THERE WAS LARGE ATTENDANCE

Miss Anna B. Day Was Elected President to Succeed Mrs. J. B. Hill, Who Resigned. Arrangements Made for Fourth Reception.

The last business meeting of the Women's Culture Club for the year was held Monday evening at the Carnegie Free Library in the presence of 75 members. The meeting was a whole was pronounced one of the best and most delightful since the organization of the club. During the business session Miss Anna B. Day was elected President to succeed Mrs. J. B. Hill, who resigned at the last meeting of the club. Miss Day has served two terms as President of the club, and the club members were highly elated over her re-election last evening.

Final arrangements were also made for the fourth annual reception of the club, to be held Tuesday afternoon, May 28, at the Arlington Hotel. The hours are from 2:30 until 5 o'clock. A musical program will be arranged for the occasion. The only guests of the club will be the Mt. Pleasant and Scottdale clubs. Misses Nellie and Mary Dickman, Mrs. G. C. Landis and Miss Sarah Sample were elected members of the club. The club now has a membership of 97 active members and four associate members. The active membership is limited to 100.

During the past year the club has studied Shakespeare and the four great English novelists, Sir Walter Scott, Charles Dickens, George Eliot and William Makepeace Thackeray. The program presented last evening was a miscellaneous one, and in a way was a review of the work gone over during the year. The program opened with an interesting talk on "Prominent Tragedians," and readings from Shakespeare by G. L. Schmid of Uniontown, followed by a delightful piano solo rendered by Miss Florence Goldsmith. The next period was taken up with a talk on "The Most Important Literary Productions of the Year," by Miss Anna B. Day. Miss Day's talk covered the works of fiction, travel and history. Mrs. F. P. Marr read an excellent paper on "Scott, Thackeray and Dickens: Are They Obsolete?"

A letter from Mrs. E. P. Clark to the club on "Social Life in Bonn" was read by Miss Anna B. Day. The letter was an interesting one and was highly appreciated by the club. Mrs. Eby delighted the club with readings from Kate Douglas Wiggin's "Timothy's Quest." The program was closed by a solo by Dr. Virginia Buttermore. The next meeting of the club will be held Monday evening, October 7th.

Macabee Ladies to Meet.
The semi-monthly meeting of the Ladies of the Macabees will be held Wednesday evening in the Odd Fellows' Hall.

Noon Weather Bulletin.
Showers and cooler tonight and Wednesday, is the noon weather bulletin.

CLIPP GOES UP.

Car Distributor Here Made Chief Clerk on the Baltimore & Ohio a Pittsburg.

O. G. Castle, who has been Chief Clerk in the Superintendent's office of the Baltimore & Ohio's Pittsburg Division since October 1, 1904, has resigned to take charge of the statistical bureau of the American Railway Clearing House at Chicago, under Arthur Hale, Chairman of the Clearing House and the committee on car efficiency of the American Railway Association. Mr. Castle is to be succeeded in Pittsburg by W. L. Clipp, who has been car distributor of the Connellsville Division for the past two years, but who was formerly Assistant Chief Clerk in the Pittsburg Division Superintendent's office. Both Castle and Clipp are well known among local railroad men and their promotions come as pleasing news to their friends. Castle has had an experience that thoroughly fits him to take up the work in the new clearing house.

Prior to entering the Baltimore & Ohio service Castle was a telegraph operator on the Pennsylvania's Pittsburg Division. He entered Baltimore & Ohio service in October, 1900, in the office of the Superintendent of Car Service at Pittsburg, serving as Chief of the Tonnage Bureau, Chief of Statistics and Mileage, and Assistant Chief Clerk until March, 1902, when he was promoted to the General Manager's office, serving as stenographer, general and statistical clerk and assisting in the office organization of the insurance department. In June, 1902, when the Butler division was established, he was appointed chief clerk to the Superintendent of that division. He organized the work at the Butler division and continued as chief clerk until that division was abolished and the lines merged with the Pittsburg division under Superintendent J. W. Duer. He was then appointed chief clerk to the Pittsburg division operating offices. He will leave Thursday for Chicago.

RESTED ABOARD A CAR.

After Getting Away With the Ring the Men Quarreled and Fell Into the Hands of the Officers—Will Have Hearing This Evening.

The quiet theft of a \$400 diamond ring and subsequent arrest of the perpetrators created somewhat of a sensation this morning. The affair was sensational from start to finish. It is believed the four men interested, now in duaneville, are "hungers on" of Hingling Brothers' Circus, which is showing in Uniontown today, and Chief of Police Rottler feels that he has rounded up about all the crooks with the show. If such is the case, Uniontown patrons of the show may feel very much relieved. The arrest was made in the upper section of Greenwood, after a long chase by Chief Rottler, Fire Marshal J. W. Mitchell, Constable William Strum of New Haven and Special Officers Frank McLaughlin of the West Penn Railway.

About 8:30 this morning a man giving his name as Edward Howard, sent the jewelry store of A. B. Kurtz and asked to see some rings. He was waited on by Kint Clifton, the clerk. No purchase was made, but after putting the rings away Clifton missed a valuable ring with two diamond settings. He then started in search of the missing man. Learning that four strangers, one of whom answered Clifton's description of the thief, had crossed the Younghighway bridge, the clerk started for New Haven. He found that the four men had entered the hotel and asked where the bar entrance was and went in for a drink. Then they started a quarrel. In some way they got to the cellar and changed clothes, one of them, especially, putting on rough looking garments. This was Howard. A quarrel was picked in the crowd, evidently as a blind, and the men started for the outskirts of Greenwood to "fight it out." They had a good start when Clifton arrived. He telephoned for the Connellsville police and Rottler and Mitchell struck the trail. A chase to Greenwood resulted.

One of the men, whose name is Marx, caught a street car, but Dispatcher Vincent Barry, who was at the Columbia Hotel where Clifton told his story, warned Deputy Sheriff S. B. Decker to look out for him. Marx boarded the car Decker was on and was placed under arrest at Fayette street. From there he was taken on to Uniontown a prisoner.

Three of the men, Edward Howard of New York, who is alleged to have taken the ring; Thomas Malone, a San Francisco pugilist, so he says, and William Myers were arrested on Morris avenue, Greenwood. Clifton was with the officers at the time. Howard had the diamond on him. The officers handcuffed all three, but later released all but Howard. Then, after walking back several squares, they decided to bring the others along. Another chase resulted, but the fugitives did not resist arrest.

Howard appeared to be pretty well soaked with the fluid that lubricates. All three were taken to the police station and put against being locked up. Information charging larceny and conspiracy was made before Squire Frank Miller this morning. This afternoon Chief of Police Rottler went to Uniontown to get Marx. The men will have a hearing either this evening or tomorrow. Marx says he belongs on Diamond street, Uniontown, but there is no street there by that name. He had a number of Ringling tickets on his person.

AN ERUPTION

Is Feared Today at Mt. Etna and Thousands Are Fleeing From Their Homes.

Publishers' Press Telegram.
ROME, May 14.—Earthquake shocks in the neighborhood of Mt. Etna continue adding panic among the people living near the volcano. Catania, Sicily, dispatches received today say that since mid-day yesterday continued shocks have been felt and there is the greatest fear that one of the worst eruptions is about to occur today. Thousands of people are now fleeing from their homes and thousands of others are ready to fly when the danger becomes more threatening.

One of the men, whose name is Marx, caught a street car, but Dispatcher Vincent Barry, who was at the Columbia Hotel where Clifton told his story, warned Deputy Sheriff S. B. Decker to look out for him. Marx boarded the car Decker was on and was placed under arrest at Fayette street. From there he was taken on to Uniontown a prisoner.

Three of the men, Edward Howard of New York, who is alleged to have taken the ring; Thomas Malone, a San Francisco pugilist, so he says, and William Myers were arrested on Morris avenue, Greenwood. Clifton was with the officers at the time. Howard had the diamond on him. The officers handcuffed all three, but later released all but Howard. Then, after walking back several squares, they decided to bring the others along. Another chase resulted, but the fugitives did not resist arrest.

Howard appeared to be pretty well soaked with the fluid that lubricates. All three were taken to the police station and put against being locked up. Information charging larceny and conspiracy was made before Squire Frank Miller this morning. This afternoon Chief of Police Rottler went to Uniontown to get Marx. The men will have a hearing either this evening or tomorrow. Marx says he belongs on Diamond street, Uniontown, but there is no street there by that name. He had a number of Ringling tickets on his person.

AN ERUPTION

Is Feared Today at Mt. Etna and Thousands Are Fleeing From Their Homes.

Publishers' Press Telegram.
ROME, May 14.—Earthquake shocks in the neighborhood of Mt. Etna continue adding panic among the people living near the volcano. Catania, Sicily, dispatches received today say that since mid-day yesterday continued shocks have been felt and there is the greatest fear that one of the worst eruptions is about to occur today. Thousands of people are now fleeing from their homes and thousands of others are ready to fly when the danger becomes more threatening.

GOT BUSY.

Resin Divillies Now Doing Time in City Jail for His Match-making Venture.

Resin Divillies of Dickerson Run is now doing 72 hours in the city jail for being too energetic a matchmaker. Resin followed a woman about town Monday afternoon trying to get her consent to marry his brother. As a consequence he was pinched by Officer Logan Mitts. At the hearing that evening he drew a 72 hour sentence.

Three drunks go, the usual sentence at this morning's session of police court.

Contract for Dwelling.

The Connellsville Construction Company this morning was awarded the contract for the erection of a frame dwelling house on Gibson avenue. A. H. Rowan is the builder. The house will be used for transient purpose. Work was started this morning.

Dr. McCormick Coming Home.
Dr. and Mrs. L. J. McCormick and baby will return home this evening after a six weeks' stay in Philadelphia, where Dr. McCormick was taken in a special car to one of the big medical schools.

The regular monthly meeting of the W. C. T. U. will be held Wednesday afternoon at 2:30 o'clock at the Carnegie Free Library.

Prospects Are Good for the Selection of Several Jurymen in Famous Idaho Murder Case.

Publishers' Press Telegram.
BOISE, Idaho, May 14.—With all of the seats in the jury box occupied although but four members have been passed for cause by both sides and all are yet subject to pre-emptory challenges, the third day of the trial of William D. Hayward for the murder of Frank Stuenkelberg began.

Prospects are good for the selection of at least four jurors before court adjourns today. The court room today was uncomfortably hot when the examination of the 73 veniremen remaining in the panel began.

TRIMMED BY BUTLER.

Alex. Lawson's Fast Bunch
Take Third Straight
From Us.

THE UMPIRING WAS VERY BAD.

Markey's Boys Ran the Bases in
Stupid Fashion and Got Mixed on
Their Signals When a Little Team
Play Meant Several Runs.

Well, the hoodoo is still working. From the looks of things Connellsville couldn't take a game from Butler. It was handed out on a silver platter. That fine inning affair at Marletta-Sullivan park Monday afternoon was agony. Connellsville played poor ball. However, we all know what the boys can do and have done, and the fans are pulling hard for them. Butler's luck has to change and their team isn't so many. The final score was 7 to 4 in favor of the other fellows. Connellsville didn't get several runs they should have secured while Butler was handed several that weren't coming. But today we will win.

The team work which has won so many contests already was lacking. The principal reason for this was Umpire Culligan's umpiring. His decisions would send a team of dead men up in the air. And he's the best man on President Lawson's staff. Alex told a representative of The Courier so himself before the game. Culligan wasn't any worse than he was Saturday; that would be impossible. His umpiring was something heart-breaking, however. Some one hit breaking, however. Some one, a spectator, hit him after the game, a most unfortunate incident.

But Culligan didn't rob Connellsville of the game. The boys gave it away. Signals went wrong, punt hits to the outfield netted runs that should have kept the runners tied down to second or third, and hits came at the most inopportune times. The team was demoralized and that's the story. It was an off day. Wait and watch their smoke the rest of the week.

Poor baserunning was primarily the cause of Connellsville's defeat. The game was theirs in the second inning when three men got on bases with home out. Only one tallied and he was forced in by a base on balls. Most of Butler's runs came in when two men were out.

Butler started out in the first inning. With two men down W. Hoffman lammed the ball to left for three sacks. Huffnagle singled but no run came in. Pat Moran then dropped the third strike on J. Hoffman, who reached first. Nagle singled and scored W. Hoffman, then getting out at second on Quinn's drive to Ambrey. Connellsville couldn't score in its half of the inning and Butler was blanked in the second. Connellsville tied the score. Singles by Tiffany and Francis and an error by Quinn filled the sacks. Ambrey hit a hard one to short and Tiffany was nipped at the plate while Moran duplicated the play, Birmingham being the victim. Roche passed Gaiser, forcing Francis home, but Mathers went out from pitcher to first. This was heart-breaking for a hit over the infield would have brought in two or three runs.

Butler got another in the third on a single, sacrifice, two bases on balls and a long fly to middle, while Connellsville tied the score. Hart opened with a slashing triple to right. Essler signaled for the squeeze play and bunted, but Hart hung to third, being afraid to try the play. Essler was nailed at first. Tiffany popped a high fly to short but Birmingham's single scored Danny. Francis was given the sign to strike at the ball so Birmingham could steal second, but didn't do it, the latter being dead easy at second.

Butler romped home with two more runs in the fourth. Linneborn singled, stole second and came home on W. Hoffman's single to middle which Francis played marbled with. W. Hoffman got home when Huffnagle lined a hot one past third which bounced over Essler's head.

Rank robbery kept Connellsville from scoring in the sixth. Tiffany singled and then Birmingham made a slashing hit to left good for three bases. The ball hit fair by a foot but Culligan called it foul. Birmingham then tried to sacrifice Tiffany to second, but Tiffany was nailed. In the first half of this inning Butler scored one when Helme Gaiser fumbled a hit and threw it wild past first.

Both teams scored twice in the eighth on two singles and a three-bagger by J. Hoffman. Hart singled and got to third on a bad throw by Frank Ambrey. W. Hoffman dropped Tiffany's long fly to left and Danny scored. Birmingham singled while Francis sent one past the infield which Jacobson let get by. Tiffany tallied. Mathers made a two-bagger in the ninth with two down but Hart flew to left, ending the agony. The score:

Notes of the Game.

What's the use of losing? These other fellows won't take the lead when it's handed to them.

Here's where we give Latrobe a vote of thanks.

Beaver Falls lost yesterday and we're still on top of the heap.

Talk about the pretty races. Well, it's a case of up again and down again.

And to think that Fairmont was in last place less than a week ago.

We said Latrobe could play ball. Watch the Steel Town's smoke.

Perhaps Mr. W. Hoffman wasn't swatting the ball. A triple and three singles is going some some.

Five dollars fine for the first man who misses a signal. That's what Markey says.

That crowd was pretty good, too good, in fact, for Butler, where they didn't take in enough to make up the \$40 guarantee on a good day.

Clarksburg and Fairmont both won. Hard luck for the Giants and Red Sox.

Those four teams are having a hard time getting away from the 500 mark.

Untertown defeated McKeesport in a hatless game at McKeesport yesterday by a score of 8 to 5. Red Hinton had a home run.

His Umps was pretty bad, but he didn't win the game for Butler.

Don't assault the umpire. It looks bad for town and it is not square.

Danny Hart played a nailing good game at second besides slugging out three hits, one a three-bagger.

W. L. Lennon of the Morning Herald and R. P. Kennedy of Untertown saw the game from the grandstand. It was a pity they saw the boys on such a fearful off day.

The attendance was good, there being almost 1,000 paid admissions. Many ladies were out.

Culligan will likely umpire the game again this afternoon. Don't start to roast him. Maybe he did the best he could.

Alex. Lawson has a mighty speedy bunch of ball tossers. They can run bases like a streak of lightning and their team play is admirable.

BIG THEFT EXPLAINED

Douglas Stole Bonds Upon Advice of Attorney.

New York, May 14.—Details of a confession made by William O. Douglas, formerly loan clerk of the Trust Company of America, made public today, are to the effect that, acting on the advice of a lawyer, he planned to steal \$1,000,000 of securities in order to compel the trust company to overlook his minor thefts. Douglas has already pleaded guilty to larceny, and is awaiting sentence.

According to his confession he first took small quantities of bonds and, borrowing money on them, lost it in speculating. When it was evident that he could not retrieve his losses a lawyer was consulted who advised that the only way out of the dilemma was to steal \$1,000,000 worth of securities and turn them over to the lawyer who might negotiate with the officials of the trust company for their return. Douglas's understanding was that the lawyer expected to get \$200,000 from the trust company for the restoration of the securities which would have been sufficient to cover the amounts Douglas had already borrowed and lost.

You and the Dealer and the "Triangle A"

How many times have you been the victim of bad cigars? You didn't feel like buying from that dealer again, did you?

Now that is precisely where both you and the dealer got the small end of the bargain.

You got it in a bad cigar.
He got it in the loss of your trade.
It served you both right.

When you learn to demand and get "Triangle A" cigars, it will be better for both you and the dealer.

You'll get the acme of cigar quality in the "Triangle A" brands, and the dealer who sells them will hold your trade always.

There is one right way to buy cigars. Look for the "A" (Triangle A) on the cigar box every time you buy.

There is no other way to get as good value as you are entitled to.

This "Triangle A" merit mark identifies the product of the most modern improved methods and scientific processes of cigar production, and represents a standard of quality far superior to those cigars not marked with "A" (Triangle A).

The News of Nearby Towns.

From Westmoreland's County Seat.

GREENSBURG, May 13.—Chief Pearson, of the State Live Stock and Sanitary Commission, has declared a quarantine on Greensburg, Jonnetta and Irwin and all territory within a radius of five miles of each town, on account of the recent run of a mad dog over the countryside and the biting of almost a dozen persons and as many dogs. Health Commissioner Dixon was notified by the local Board of Health, and he turned the matter over to the property department. The Burgess of each town was notified yesterday, and these, in turn, asked Captain Beeland of Troop A to aid them in maintaining the guard. All stray dogs will be shot on sight. Dog owners are required to muzzle and fasten their animals. No exceptions will be made to the stringent rules. Borough police will enforce the edict in the towns. All patients who are taking the Pasteur treatment in Pittsburg are reported as doing well. They were taken to the Institute in time, and no fatal results are feared.

W. A. Showalter of Latrobe has been appointed temporary President of the Latrobe baseball team by President Lawson of the West Penn League. Owing to the critical illness of his wife, Frank Whidbey of Uniontown, who owns the franchise, is unable to attend to his duties. It is likely that the franchise will be turned over to an association in Latrobe. There is much interest in baseball there and good attendance at the games. Captain O'Brien has a good bunch of players together and prospects are bright for a successful season on the Steel Town.

Sergeant Lohmiller, who, with Private Anderson, figured in the killing of Robert Carr, a negro, in the Monongahela valley Saturday, made a complete report of the matter to Captain Beeland in writing last night. Lohmiller fired one shot from his sidearm, and Anderson two. At a post mortem examination, particles of sand were imbedded in the bullet, showing that the ball had struck the ground and glanced upwards. Both men are held on \$1,000 bail. All witnesses say the troopers fired at the ground, and did not shoot to kill. Three other negroes, gamblers from Pittsburg, were arrested at the time of the killing.

Criminal court opened here this morning with Judges Doty and McConnell on the bench. The constables made their usual returns and the court charged the Grand Jury without any sensational remarks. District Attorney John P. Ventling, Jr., and his assistants, Messrs. Crowell and Rial, have almost two hundred cases set for trial. Most of them are of a trivial nature. Many pleas of guilty will no doubt entered as soon as the Grand Jury gets down to work. Two weeks of criminal court are listed.

SCOTSDALE SCRAPS

Picked Up Around the Coke Region's Mill Town.

SCOTSDALE, May 14.—Old age and childhood felt victim to accidents about the coal mines here on Monday. The unfortunate were Henry Swarz, who was caught and had his head crushed in, while drawing posts in the coal mine of the American Sheet & Tin Plate Company, and a child of Edward Gallagher, at Valley, who had a part of his foot amputated as the result of being run over by a pit wagon. The little one was between two and three years old, followed the example of other children in riding on the pit cars as they came from the mine and tried to board one, but fell under it. Dr. M. A. Moon of Everson performed the amputation on the baby. Swarz, who is a man with a grumpy family, was working in the pit when a post was squeezed out. It is said, which knocked him down, followed by a fall of slate, that terribly crushed in the entire side of his head, so that the physicians had no hope of recovery. He was sent to the Cottage State Hospital at Conneltsville.

The Scottdale Volunteer Firemen were out for a practice drill in parading on Monday evening under Drill Master R. D. Harr. It is difficult to get a good many of them to attend the drills, although it is said that regular parades brings the same ones out, who then fail to make as good a showing as their comrades who do drill, and thus bring the entire company to a lower standard. The Volunteers are making big preparations for Scottdale Firemen's Day at Shady Grove park on Saturday, June 8.

Mr. and Mrs. Lawrence Medgar, who went to California about a year ago, have returned home.

Henry V. Beckley, the printer, was a visitor to Greensburg on Monday. Prof. H. D. Patton, an orator of fame throughout this locality, will speak Saturday evening and Sunday morning and afternoon on "Prohibition."

C. S. Nelson, the shoe man, is having a handsome parquetry flooring put in the floor of his show windows in town.

Baseball practice and summer profanity have started in Loucks park, again for the season. The first outburst of it took place on Monday and while one does not feel like growing critical it is the time right at present and in the beginning to call attention to the amount of profanity and vulgarity that attends upon much of the scrub practice of baseball in that park, and which is disturbing the residents on every side. The profanity is to a very

large extent simple idle. There is no excuse for it at all. There is no occasion for it.

Mr. and Mrs. A. W. Lowry and family, of 611 Market street, are making preparations to go to Riverside, California, for the benefit of Mrs. Lowry's and their son's health. An advertisement of their household goods appears in another column.

Borough Engineer J. B. Hawk took a large party of contractors over the proposed Anderson Run sewer ground on Monday. This is the last day for filing bids for the construction of this sewer.

SOMERSET NEWS.

Happenings of a Day Among the Frosty Sons of Thunder.

SOMERSET, May 13.—Yesterday morning about 6 o'clock fire was discovered in the plant of the Somerset Packing Company, a concern whose line is the preparation of meat for consumption, and the flames had gained such headway that nothing could be done to save the buildings. There was the usual apparatus of an abattoir, an ice manufacturing plant and other appliances for the utilization of by-products, together with a quantity of meat valued at \$4,000 in the building, so that the loss may be conservatively estimated at \$20,000. There was small insurance on the plant. The cause of the fire is unknown but it is believed that a defective brick base around one of the boilers in the engine rooms allowed a spark or bit of blazing ash to escape. The packing company is composed of George W. Witt and Charles F. Walker.

At 10 o'clock this morning the special May term of the Court of Common Pleas opened here with a list of 25 cases set for trial. They embrace the usual civil actions for the recovery of money and for the recovery of damages for injuries to the hands or persons of individuals caused by corporations, railroads and mining companies chiefly. It is likely that the entire week will be consumed in the trial of the cases listed.

This morning Sheriff William C. Begley left for Pittsburg where he will place Henry Dively in the Western Penitentiary at Allegheny. Dively was sentenced on Friday by Judge Kooner to pay a fine of \$300 and undergo imprisonment in the penitentiary of seven years on conviction of receiving stolen property, namely a team of horses stolen by Harry Sheets of Berlin, from Andrew C. Bushey at Green Castle, Clearfield county. Sheets was brought from the Eastern Penitentiary at Philadelphia, where he is serving a five years' sentence to testify against Dively, and he stated that there had been an arrangement by which the horses stolen by Sheets were to be disposed of. Officers traced Sheets to Dively's home, the horses were recovered and both parties were indicted. Dively's family, and his aged parents visited him at the jail yesterday and they were all visibly affected. His aged father was prostrated and it is feared that serious ravages upon the old man's health may be made by his son's heavy sentence.

TRI-STATE NEWS.

Events of the Day in Brief from Pennsylvania, Ohio and W. Va.

Oxford, O., May 14.—Dr. Guy Potter Benton was hanged in effigy in the public park by unknown parties.

Wheeling, W. Va., May 14.—The factory of the Wellburg Glass & Manufacturing Co. at Wellburg was destroyed by fire, loss \$50,000.

Altoona, Pa., May 14.—No ice cream, soda water, cigars or confections will be permitted to be sold in Altoona on Sundays this summer.

Cleveland, May 14.—A number of strikebreakers have gone to work in the Globe yards of the American Shipbuilding Co. The strikers caused no trouble.

Sandusky, O., May 14.—Frank Clark of Ashtabula set on the end of a tie near Milan, presumably with suicidal intent, and was struck and fatally injured by a train.

Wheeling, W. Va., May 14.—Fritz Heller was brought to Moundsville from Pittsburg by the chief of the Moundsville police. Heller is charged with abuse of his 14-year-old daughter.

Portsmouth, O., May 14.—Ben Numba, a cigarette salesman of Cleveland, died of heart failure while seated in the lobby of the Washington hotel here. Numba was an excessive cigarette smoker.

Pindley, O., May 14.—The initial trial against the Standard Oil Co. of Ohio which was to have been called before Judge Duncan this morning, has been postponed until the week beginning June 10.

Delaware, O., May 14.—The Delaware county grand jury has returned 50 indictments against former Deputy Auditor Harley W. Simpson, charging him with defrauding the county by forgery of over \$2,100.

Washington, Pa., May 14.—Henry Martin, oil contractor, while digging in the garden at the rear of his home in Washington, uncovered an octagonal gold coin of the \$50 denomination. This is a very rare coin and Mr. Martin has refused \$500 for it.

Wheeling, W. Va., May 14.—Fire destroyed the ware house of the Aetna Standard mill at Martins Ferry, O., entailing a loss of \$25,000. The fire was started by a workman lighting a cigarette and throwing the lighted match into a pile of paint buckets.

Philadelphia, May 13.—The lockout of bricklayers and masons in this city, which grew out of a dispute between the trades as to the right of native to get finished stone, has been declared off. About 25,000 men in various branches of the building trades will return to work at once. Mutual concessions were made.

Lima, O., May 14.—Locked in their cells at the county jail 17 prisoners saw James Williams, age 27, die a rope, made from blankets in his cell, about his neck and jump off the second floor of cells. Williams was all but dead when Sheriff Van Guntien reached him, and it is thought cannot survive. He was being held for highway robbery.

Pittsburg, May 14.—Sergeant Lohmiller and Private Andres of the state constabulary were arrested in connection with the death of Robert Carr, colored, who was shot when a crap game was raided. Both men were released on \$2,000 bail each. An investigation revealed two empty cartridges in the sergeant's revolver and one in the private's.

Altoona, Pa., May 14.—The monster locomotive built at Altoona, Pa., native works in Allegheny, is being tested at the Pennsylvania Railroad Co.'s testing plant here. It is too early yet to give any idea of the limits of the locomotive, but trial runs on the "read mill" have been very satisfactory, proving that the "biggest locomotive ever built" is also the most powerful.

YOUNG FLAGMAN BLAMED

Charged With Criminal Negligence That Cost Four Lives.

Wheeling, W. Va., May 14.—Before Coroner McCombs of Marshall county at Moundsville, occurred the inquest into the cause of the death of the four trainmen killed in the collision between a freight train and the New York & Chicago express at Rosby's Rock last week.

The jury returned a verdict of negligence on the part of A. L. Wilson, the front brakeman on train No. 6 (the freight). Wilson was the flagman ahead to stop No. 7. He was immediately arrested.

Wilson is not 19 years of age and has been in the employ of the road only five weeks. When questioned by Prosecuting Attorney Hooton regarding his age, Wilson admitted he was under the required age of 21 for employment on railroads, and that he had deceived the company by saying he was 21.

At a recent meeting of the Independent No. 98, U. V. L., the following resolutions were adopted on the death of Coroner Harry C. McCormick, formerly of the Pittsburgh Pennsylvania Credit.

WHEREAS, it has pleased our Great Commander to call from our ranks our beloved brother Harry C. McCormick, to the Grand Encampment beyond;

RESOLVED, that we, the survivors of Encampment No. 98, U. V. L., deeply feel the loss of our dear and faithful comrade loyal to his country, he was always loyal to his comrades.

RESOLVED, that we extend to his surviving family and friends our deepest sympathy and that these resolutions be spread upon the records of our Encampment, our charter be draped for 30 days and that these resolutions be published in our city papers and copies sent to the family.

AN IMPRACTICABLE ATTEMPT TO APPLY A GOOD PRINCIPLE.

The Uniontown Standard professes to believe that the Couriers' objections to the McCord bill and others of its ilk are "lame and impotent," because it declares the candidacy of more than two candidates for Senator would be remote in support of this statement it says that seldom in the history of Pennsylvania has there been more than two candidates before the Legislature for this office.

This may be true, but what assurance does this fact give us that under the proposed primary law there will not be a cloud of candidates with the resultant dead lock predicted in these columns?

Running for an endorsement at a primary and running for an election in the Legislature are two widely divergent propositions. Anybody can be a candidate at a primary and receive the votes of his friends. The "favorite son" issue will always give such candidate some standing in the Legislature.

When are the instructions thus recorded binding and when are they loosed?

The Standard tells us that "if three or more candidates for Governor should be voted for and no candidate had enough instructed delegates to nominate him the delegates composing the convention would in their discretion be obliged to waive instructions and proceed to a nomination just as has often been done in a county convention under the delegate system."

Just so, but has not this "discretion" usually been exercised by the candidate instead of the delegates? And if the application is meant to be made to a Senatorial election, is not the discretion exactly the same in the end? Does it not eventually end with the members of the Legislature? And if they are not necessarily bound by their instruction what use is there in giving them any?

The Courier has offered no objection to the people expressing their choice of a Senator if such expression is practical and binding on the contrary, we have repeatedly said that if such a law could be framed we would heartily favor it. We are not opposed to the principle but to an impracticable if not impossible attempt to apply it. Unless we can improve upon our institutions, we are wiser to permit them to remain undisturbed.

THE SHIFTY LEGISLATURE.

The independence of the Legislature is not confined to politics. It extends to appropriations. Its members are liberal to enthusiasm and carelessly indifferent as to where the money is going to come from to meet their appropriations. It is not difficult to be generous with other people's money and it is unfortunately too easy for the Legislature to shift the responsibility of its prodigality upon the shoulders of the Governor.

Under the law, the Governor is empowered to approve an appropriation bill in part, that is to say he may cut down the amount of the appropriation as his fancy dictates. If it were otherwise, if the Governor were required to approve or disapprove appropriations in their entirety, the Legislature would be compelled to cut its expenditures down to its receipts, else take the chances of having some of its pet measures vetoed.

As it is the Legislature evidently proposes to dodge its own responsibility and allow Governor Stuart to meet it, it is as it has shifted upon him the responsibility for the investigation of the State Capitol scandal and the punishment of the grafters.

The policy of the Legislature has been to pass all appropriation bills urgently pressed upon them and subject the Executive to the unpopular task of doing the trimming, but the Governor has betrayed a determination to trim the Capitol trimmers, and he may be depended upon to justify and wisely trim the excessive appropriation

tions so that they will fit the revenues.

Governor Stuart will ask for no quarter. He has bravely declared himself to be opposed to increased taxation. He will when the returns are all in, revise the list of appropriations and cut them down to the needs of the government not penitently but wisely administered.

Governor Stuart's nomination was not to the liking of Fayette county but Fayette county never wavered in his support at the polls. We believed in the man and there is no reason to think that the man will betray our trust. He is standing steadfastly upon the platform he announced during the campaign and when his work shall have been finished he will have done much for the people of Pennsylvania in general and the Republican party in particular.

As for the Legislature so far at least as the money measures are concerned, it may be said briefly that it began at the wrong end. The revenue measures should have been first considered and decided upon and the appropriations then fitted to the revenues. Neither taxation nor appropriations should have been extravagant. Extravagance means high taxes and high taxes means popular disapproval.

WHAT H. P. DOES AND DOES NOT STAND FOR.

There is but one extremely virtuous newspaper in Fayette county, and its editors include the H. P. which may stand for High Prices. Hard Facts or Hen Pecked says the more or less veracious Uniontown Genius.

The free press is always virtuous. It was for this reason that the Fathers of the Constitution insisted upon its protection. Lovers of liberty recognize in it one of the foundation stones of our free government. The Courier is free, hence it speaks with freedom. It is the asset and the organ of no political syndicate hence it is not compelled to sweetly pipe the imaginary virtues of private ownership or to disseminate by flimsy false denunciations of factional opposition its interest in public affairs. It speaks for the people, not for the bosses. It owns no director but its editor, and its editor owns no master but his own conscience.

"H. P." undoubtedly stands for High Prices as well as High Profits and Huge Prosperity, which everybody, save perhaps the "extremely virtuous" newspapers, are enjoying under this Republican administration and which it is the desire of The Courier to build up and strengthen, not tear down and destroy by internal dissensions for High Prices facts in the treatment of all public questions, not for hired propaganda concerning political opponents for Hen Pecked of course as all wise and good husbands are but not for H. P. Dressed when a Democratic rooster pecks at us.

A NUISANCE THAT SHOULD BE STOPPED.

The complaint of the Water Street people about the blowing off of locomotives is well founded. No person who has not experienced the annoyance of this practice can appreciate its serious character.

In addition to the deafening noise making ordinary conversation impossible, there is a vibration of the air that rattles everything within reach and is unpleasantly torturing to delicate persons.

If it were a necessary accompaniment of railroad travel the victims might be willing to endure it, or the public might pay less heed to their protests but there is no reasonable excuse for the practice. It is due to the carelessness of firemen who have no regard for the rights of others.

They should be taught to respect the rights of others. An ordinance should be enacted against the practice and the police should enforce it by dragging the offender from his engine and taking him to the station house. A few examples of this kind would make Water Street life more endurable.

Millions for everything but not a cent for enlightening the people as to the character of the law they must obey seems to have been the motto of the present Legislature.

Our own troubles often fill our fields of vision so completely that we cannot see the troubles of others.

The dove of peace has fled from troubled Ohio.

We are told that the men who differ with us as to questions of public policy may be quite as honest as we are. They may be honest that is true but all honest men are not intelligent.

"Teacher I can't do that sum!" says the Legislature to the Governor concerning the appropriations.

After all these years the Constitution is to be enforced against the railroads by appropriate legislation. In spite of all possible shortcomings this Legislature will be a reform body.

Governor Stuart is after the would be pledge-breakers with the Big Stick.

Only one man had the courage to vote against the Civil War State pension bill. He may have been wrong but he was right for the right is no saw it.

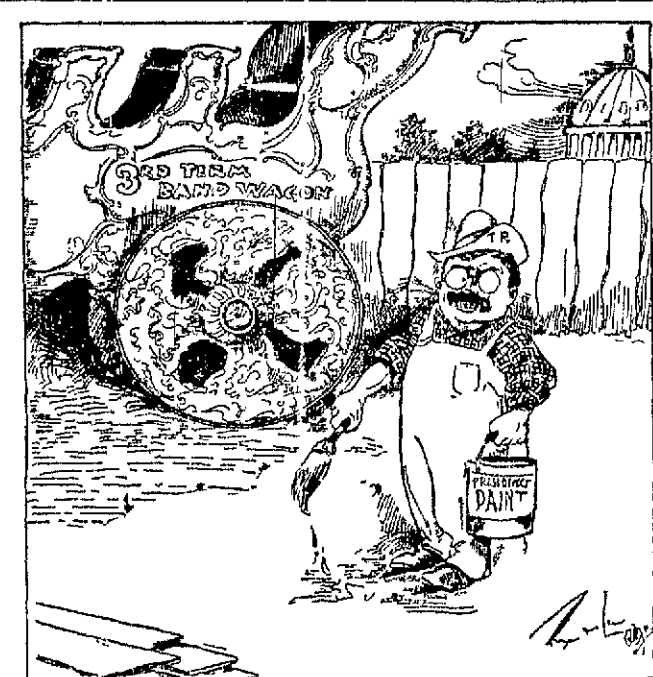

Ideas are said to be more powerful than dynamite. If they are not always so much so.

THE WEATHER.

Western Pennsylvania — Showers and cooler Tuesday afternoon or night and probably on Wednesday. High possibly high southwest to northwest winds.

BEHIND THE TIMES.

What would you think of a store that was away behind the times both in the stock goods it offered for sale and its methods of conducting business? You'd have a pretty poor opinion of it wouldn't you? Chances are that strangers have just a poor opinion of Connelville and New Haven with in out of date toll bridge between the two towns.

It is one reason why your own home business is working so hard for a free lunch. Like you they do not want to engage in the work of a 1907 to help us in this work some day \$300 and we expect you to it as much in earnest as we are.

In the Carpet Room.

Lots of interest centered in this department just now. Tell you last week that we had made an arrangement for an increased number in this department this spring and so far we have had the business. Want to keep it up. Want you to know about the kind of carpet that we have here. Ask your neighbor about the quality and then come and see the picture. Stinson Laundry Carpet for instance at \$1.10 he said.

A full length carpet that will wear and look pretty in any room. Been selling this make of carpet ever since this was a carpet room and it is just the same quality to day as it was half a year ago.

BILL THE COUNTRY.

Hagenbeck Car With Its Crew of Twenty Men is Town.

MEN TRAVEL IN FINE STYLE.

Sleep Aboard Their Car, But Eat at Hotels in the Towns and Cities They Make—Nearly Hundred Men Representing Show Have Been Here.

Another advertising car for the Hagenbeck-Wallace Combined Shows is in Connellsville today, coming here from Morgantown. The car is said to be the finest on the road used for advertising purposes. One end is devoted to berths for the billers, which can be taken up at night, making ample space for the "laying out" of the paper by Jack Scott, the boss bill poster. The center portion of the car is partitioned off into an office, where "Shorty" Dunnington holds forth and directs the work of his force of 20 men. The other end of the car is devoted to paste making.

The men sleep in the car, but eat at hotels. It is a great advantage to sleep in the car, as it enables the men to move from town to town by night trains without losing their rest. Many smaller shows feed their men on the car, but the Hagenbeck-Wallace people do not, as this method of boarding the men is unsatisfactory for several reasons. In Connellsville the billers eat at the Marietta Hotel and they say it is one of the best they have struck for a long time.

Live, Mr. J. L. Evans has the contract for running the country teams for this show and has provided teams for two billings of the country districts before today. The billers are covering the outlying districts today for the third and last time. Six different country routes are being made today and five railroad routes are being billed.

Up to date there have been 93 men here in advance of these shows. The checker-up, a programmer and a 24 hour man are yet to come, which will complete the work in advance. The Hagenbeck-Wallace management certainly believes in billing W. E. Franklin, general agent of the show, is a strong believer in publicity and is probably the best equipped man in America to the charge of such a mammoth advertising campaign as the Hagenbeck-Wallace show is making in Western Pennsylvania.

On account of some of the big shows cutting out of the parade there has been some uneasiness on the part of showgoers as to whether the Hagenbeck-Wallace Show would parade or not. An agent of the show says the circus will surely give a free street display and has newspapers from many Ohio and West Virginia cities in which the editors say the parade is the longest, most brilliant and most interesting ever seen in the respective cities. The cages are all open and four hundred dapple grey draught horses are attached to the floats, band wagons, cages and other paraphernalia for street display.

The show exhibited at Charleston, W. Va., yesterday and the car manager got a telegram from Director General B. E. Wallace saying the receipts were the largest ever taken by the combined shows. People came to the city for 150 miles and the hotels were crowded Saturday night with drummers who gathered in that city to Sunday and announced their intention of remaining over for the circus because, as they said, it was impossible to find the business men at home in the surrounding towns.

DEMAND BOOKS.

Action in Replevin Brought by Connellsville Improvement Co. Against Geo. Fuehrer—Minutes Wanted.

UNIONTOWN, May 14.—The Connellsville Improvement Company have had an action in replevin brought against George Fuehrer, the facts connected with which are somewhat out of the ordinary. Fuehrer was a former Secretary of the plaintiff company and by virtue of his office had possession and control of the minute book, in which were recorded all proceedings of their meetings. It was largely for the recovery of this that the action was brought, although there is also men joined in the writ the original certificate of incorporation, the corporate seal, stock certificates, blank agreements and a lot of special deeds to the corporation.

At the annual meeting of stockholders, which was held some time ago, a new Board of Directors was elected. D. S. D. Woods was then elected Secretary in place of Fuehrer. The latter was officially notified of the action of the Directors and a demand made for the books and other effects in his possession, but he refused to turn them over and this led to the action. The value of the goods replevined is fixed at \$500. Attorneys Robinson, McKee & Martin prepared the papers for the plaintiff corporation.

Caid of Appreciation. The widow and family of the late J. C. Marsh wish to extend their appreciation to all those who so kindly assisted them during their recent bereavement, and particularly to those who furnished the music, and to C. W. Patterson for closing his hotel during the funeral.

TELEPHONE MERGER.

Efforts Will Be Made in Chicago to Cement 7,000 Companies.

CHICAGO, May 14.—Development of a plan to cement 7,000 telephone companies of the United States and Canada into one gigantic organization is expected to follow the gathering in Chicago next month of 1,000 managers and presidents of the interested companies. The men will come as delegates to the convention of the International Independent Telephone Association to continue three days from June 1 at the Auditorium Hotel. Independent telephone associations of thirty states, with approximately \$350,000,000 invested, are to send delegates to the convention to urge forward the movement to unite.

Success of the movement inaugurated means the building of long distance telephone lines throughout the country, giving unified toll service to more than 1,000,000 users of independent telephones. Ohio is leading the agitation for consolidation with 300,000 independent telephones in use. Indiana with 200,000 in second. Other States having complete organizations are Alabama, Arkansas, California, Colorado, Illinois, Iowa, Kansas, Kentucky, Maine, Minnesota, Michigan, Missouri, Nebraska, New York, North Dakota, Oregon, Pennsylvania, South Dakota, Texas, New Hampshire, Virginia, Washington, West Virginia, Tennessee and Vermont.

The call for consolidation has come at the close of the most prosperous year in the history of independent telephony. Starting as a rural departure from the independent telephone growth first included only the smaller centers. Now it is seeking entry to the large centers of population. Within the last year nearly \$100,000,000 was expended in independent plants. Denver, Omaha and Milwaukee in the west, granted franchises while Boston and Providence stand out as the leading eastern cities giving the new system admittance.

Delegates to the convention will hear reports that the independent telephone organizations now practically control the Pacific Coast and that all the principal cities of Oregon and Washington have adopted the new system within the last few months. Southern delegates will report that all the independent plants in Alabama have been enlarged and that half a score of Tennessee cities including Nashville are having exchanges constructed.

Canada is expected to send 150 delegates to the convention. The high points of interest in Canadian affairs center in Ontario where scores of new companies have been organized. Manitoba voters have obtained power from the government to build a complete long distance system and sixty municipalities will construct local exchanges. The independent systems in Manitoba and Alberta are to be connected soon by long distance lines through Saskatchewan.

FINE STEAMSHIP BURNS

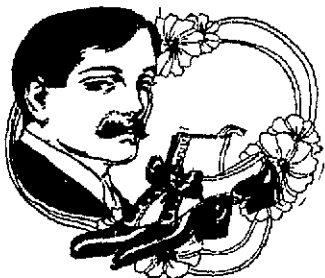

New D. & C. Liner Destroyed When Almost Completed.

Detroit May 14.—The magnificent new passenger steamer City of Cleveland, under construction at the plant of the Detroit Shipbuilding Co. for the Detroit & Cleveland Navigation Co. and designed to run between Detroit and Cleveland was swept by fire and is a total loss except for her hull and machinery. How much they have been damaged cannot be determined until the hull is pumped out and a careful examination made. The loss which falls upon the Detroit Shipbuilding Co. a branch of the American Shipbuilding Co. is about \$700,000 and is fairly well covered by insurance.

The fire broke out just before daylight in some mysterious manner. There are rumors afloat that an incendiary is suspected. The officials of the shipyard are at a loss to explain the fire, as there were two watchmen on the steamer and another at the gate to the shipyard.

Drowned While Canoeing. Yonkers, N. Y. May 14.—While canoeing on the Hudson River, Edward Underhill, president of a storage warehouse company, and one of the owners of the Underhill brewery, is believed to have been drowned. His canoe was found overturned.

THROWS UP THE JOB.

Senator Dick Rescinds Call for Harmony Conference at Columbus Tomorrow.

HIS MOTIVES MISCONSTRUED

Junior Ohio Senator Abandons His Efforts to Restore Party Harmony in Buckeye State—Gives Statement Giving Reasons for His Action.

Akron, O., May 14.—United States Senator Charles Dick, chairman of the Republican state central committee, last night issued a statement calling off the order for a conference at Columbus tomorrow of members of the state central committee, Republican members of congress, county chairmen, state officers and Republican leaders generally. The call for the conference was issued last week, and gave for its object the discussion of means of reconciling clashing interests of political leaders in this state and maintaining harmony in the party. Following is Senator Dick's statement:

"When, as chairman of the Ohio Republican state executive committee, I invited a conference of the state central and executive committees, of the chairmen of the Republican county executive committees, of the elective state officers, and of the Republican members of congress, to be held at Columbus, Wednesday, May 15, I then assumed entire responsibility for the call, as I now assume entire responsibility for an indefinite postponement of that meeting. It seems proper, however, that a brief explanation should be made.

"The conference was called with no purpose of ratifying any deal, bargain, or compromise, for there was none, but to secure party harmony, and unity of purpose among the Republicans of Ohio, and to allow party strife and contention. This, it was believed, could be done by a full, frank and considerate exchange of opinion in so representative a gathering, and finally the adoption of some public expression, voicing as nearly as might be, the ascertained sentiment of Ohio Republicans. There was no intention of assuming to do more than to recommend unselfish action and effort among Ohio Republicans, and no purpose to attempt to dictate or even influence, or still less dominate the party choice of candidates. It was never meant to have the conference assume the functions of the state convention or encroach upon any rights or privileges of individual Republicans. Nor was it supposed that there would be any arbitrary action binding the great body of Republicans and no such action was contemplated, as a careful reading of the call will show. Certainly the conference could exercise no function beyond that of recommendation.

"The chief thought was that harmony and unity among all the Republicans of Ohio, based upon justice to every element of the party, are essential to the complete promotion of Republican principles and to insure full success to Republican candidates in all elections, local as well as general, and should be secured, if possible, without delay.

"The purpose of this meeting has been misunderstood by some and misrepresented by others, and thus it has met with some opposition and disfavor, and in other cases animosity. Therefore, having become convinced that it is desired restoration of complete party harmony through unanimity of action by such a conference, would be impossible at this time, I postpone the meeting indefinitely.

HARGIS PLANNED MURDER

According to Evidence in Celebrated Kentucky Trial.

Lexington, Ky., May 14.—In the trial of Judge Hargis for the murder of James Cockrell at Jackson, Breathitt county, John Smith testified that Judge Hargis and Ed Cullaban conspired to kill men they wanted killed in Breathitt county. The list included Judge W. H. Blanton, Moses Felner and John Abner. This is entirely new testimony and caused a stir in the courtroom. Smith said that he at first refused to assist in the murders, but Hargis insisted, saying: "I will keep you out of trouble. I can see Governor Beckham and get a pardon for any man in the penitentiary."

"The strongest testimony of the day was given against Judge Hargis by County Judge S. S. Taulbee of Breathitt county, who swore that Hargis said to him: 'I will not kill Jim Cockrell myself, but will hire the best lawyer in Kentucky to defend the man who will kill him and I will sit at his counsel table.'"

Belgium Shopkeepers. Belgium shopkeepers generally are dealers in miscellaneous goods. One man to a small way, for instance, sells beer, foreign stamps, fruit, cotton, biscuits, pastries, cheese and second-hand hats. Everywhere one finds a man for gliding lights. One evening when I was out I saw a tremendous light in the distance, and I thought it must surely be an advertisement for a music hall. When I got nearer, I found that the light merely conveyed the intelligence that sardines were sold on the premises.

NAVAL BATTLE

Between Monitor and Merrimac Will Be Fought Over at Jamestown, N. H. May 15.—There are many people now living in the vicinity of Hampton Roads who will remember the terrible days of March 8th and 9th, 1862, to the last hours of their lives. On those days the bravest of them risked the missiles of death and thronged the shores to become eyewitnesses of the most unique naval engagement in the history of the world, the struggle between the Merrimac and Monitor; a struggle which spoke the knell of wooden vessels of war and marked the beginning of a new style of naval architecture from which the modern battleships and cruisers have been developed.

To those who witnessed this famous event, as well as to those millions of visitors from all parts of this and other countries to whom the details of the battle are familiar, as matters of history, one feature of the Jamestown Exposition will be of especial interest. This will be the spectacular reproduction of the great engagement which occurred just off the Exposition grounds in Hampton Roads, and the presentation will be given in as realistic manner as the perfect equipment of the present day will allow. The historical location so near the actual scene of the occurrence lends added interest to the reproduction and it is sure to be one of the decided attractions of the Exposition.

The scene of the battle will be cyclorama and will be as grand a sight as the human eye ever beheld. The scene opens the day before the battle between the iron-clads, and shows the sun just setting upon the leaping flames of the burning "Congress" and the smoking "Cumberland" with her cannon booming and her crew cheering as the ship settles beneath the waves and the brave fighters going down to death rather than surrender. The victorious Merrimac is seen slowly steaming away to the shelter of the Confederate shore batteries, to await the coming of dawn, to complete the work of destruction. This sunset will be one of the most gorgeous ever beheld and will be a revelation of this character of scenic effect. Twilight comes on and the lurid light of the burning vessel casts its reflection upon the waves, revealing the other vessels of the Federal fleet to which it seemed as a forecast of their own doom on the morrow. As the darkness appears, the stars twinkle and the scene becomes tranquil. Then come rolling clouds, forked lightnings and peals of thunder and a storm bursts in all its fury. Rain falls in torrents and the scene will have every appearance of reality. After the storm has subsided the stars again show themselves and the moon appears in all its glory.

After a while the day begins to dawn and the sun peeps over the eastern horizon and the audience beholds the most beautiful sunrise that can be imagined. Out on the water they will see the Merrimac steaming down upon the Minnesota. The Confederate iron-clad has been rammed after her damage from ramming the Cumberland the evening before, and draws closer and closer to the Federal ship. The Minnesota lies helplessly stranded in shallow water, but suddenly from the rear darts the Monitor. The Merrimac puts on all steam and soon the battle between iron-clads is on. The cannon will be seen in action and the crack and roar of the guns will be as real as it was during the time of the great fight. The audience will be thrilled with the working of each gunboat and every movement will be in harmony with the most authentic records of the great battle. Just at the climax the curtain will be drawn and the audience will be left to determine which was victor.

The engagement will be so reproduced that no exception can be taken by the visitors from any section of the country. Mr. Austin, who is the artist reproducing the spectacle, is considered the best in the world in this line of work and he says this is his masterpiece.

The Merrimac and Monitor used in the reproduction will be made of steel and by the effect of the now appliances of electricity they will appear to the spectators the actual size of the vessels when they were engaged in this historic battle.

ADAMS IN TROUBLE.

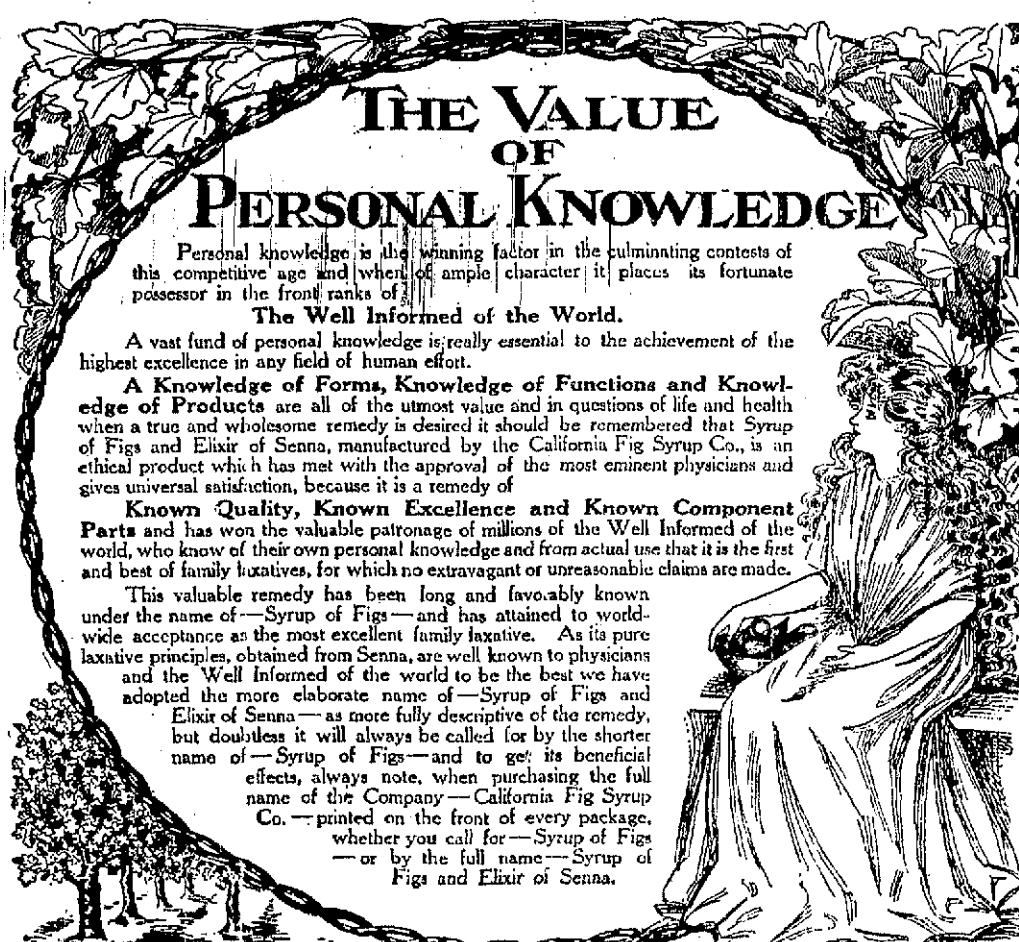

Gambler of Pittsburgh Known in Fayette County Under Arrest. Jake Adams, a sporting man of Pittsburgh, and who is well known in Uniontown, has been charged with conspiracy to defraud. Others charged with the same offense are Frank Thompson and F. S. Ranger. They are charged by D. S. Davis, a wealthy oil operator of Marietta, O., with having lured him out of a large sum of money by means of a brace farm game.

Adams and Ranger were arrested and they gave \$5,000 bail each for appearance next Tuesday. P. J. Bronnen, of Homestead, owner of a track and breeding farm at Salem, O., went on his bonds.

The police are taking great interest in the cases. It is alleged that for months the men have been fleecing green ones by means of gambling frame-ups, the victims usually being taken to New York or Buffalo for the real work. It is said that one man recently lost \$34,000 to the cohorts of Pittsburgh men, of which Adams and Thompson are members, and that a friend of this man was later taken over for \$35,000 on the same game. Sensational developments are promised when the men are arraigned.

THE VALUE OF PERSONAL KNOWLEDGE

Personal knowledge is the winning factor in the pulsating contests of this competitive age and when of ample character it places its fortunate possessor in the front ranks of life.

The Well Informed of the World.

A vast fund of personal knowledge is really essential to the achievement of the highest excellence in any field of human effort.

A Knowledge of Facts, Knowledge of Functions and Knowledge of Products are all of the utmost value and in questions of life and health when a true and wholesome remedy is desired it should be remembered that Syrup of Figs and Elixir of Senna, manufactured by the California Fig Syrup Co., is an ethical product which has met with the approval of the most eminent physicians and gives universal satisfaction, because it is a remedy of

Known Quality, Known Excellence and Known Component Parts and has won the valuable patronage of millions of the Well Informed of the world, who know of their own personal knowledge and from actual use that it is the first and best of family laxatives, for which no extravagant or unreasonable claims are made.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent family laxative. As its pure laxative principles, obtained from Senna, are well known to physicians and the Well Informed of the world to be the best we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of—Syrup of Figs—and to get its beneficial effects, always note, when purchasing the full name of the Company—California Fig Syrup Co.—printed on the front of every package, whether you call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna.

WILD ANIMALS.

There is a Great Collection With the Hagenbeck-Wallace Show.

Among the remarkable animals presented in conjunction with the Carl Hagenbeck & Great Wallace Shows Combined, which is coming here Wednesday, May 22, are Royal Bengal tigers in equestrian feats on the ship, rolling backs of ponies, leaping elephants, in which they display the agility of the cat creature in awe-inspiring feats. It is a riding act which may well incur the envious enmity of human rivals.

This show also offers African lions in similar performances with superb Arabian horses. These lions imitate the actions of men and leap to the backs of running steeds, through fiery and paper hoops, over hurdles and other obstacles and display almost human intelligence in the accomplishment of wonderful feats.

The only specimen of the striped ass of Asia which has been broken to harness appears with these shows. It is driven in the street parade and presents an intricate acrobatic performance. The only monster hybrid—tiger, a majestic creature symmetrically combining the physical peculiarities of both species wearing the tiger's stripes on the lion's skin has been attracting much attention.

The only zebras ever known are also exhibited. They combine the artistic markings of the zebra with the proportions of the Kentucky thoroughbred.

The Minnie, Ind., Star, in reviewing the performance of these shows, says "a book could be written on the animals alone."

EGG EATING RECORD.

Forty Raw Eggs Swallowed in Fifteen Minutes.

EAST LEBERTON, O., May 14.—Swallowing 40 raw eggs in 15 minutes and receiving a crisp \$1 bill for his feat is the record of Alfred Martin, who is employed in one of the local poteries.

Some time ago Martin read in the newspapers of a man at McKeesport, Pa., who swallowed 25 raw eggs in 20 minutes. He said he could beat this and August Sewickley offered him \$1 if he would eat 25 eggs in 15 minutes. Martin swallowed them, two and three at a gulp, until the 40 had disappeared and the egg supply was exhausted.

\$100 REWARD, \$100.
The readers of this paper will be pleased to learn that there is at least one cured disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a local disease, requiring local treatment, Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the cause of the disease, and giving the patient strength by building up the system. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J.
